# GENERATION

25 Years of  
Contemporary Art  
in Scotland

# WELCOME

GENERATION is a landmark series of exhibitions tracing the remarkable development of contemporary art in Scotland over the last 25 years. Presenting works by over 100 artists in more than 60 galleries, exhibition spaces and venues the length and breadth of Scotland, it shines a spotlight on the period that has seen the country develop a truly international reputation as a distinguished centre for contemporary art.

Here, we highlight the astonishing breadth and richness of work included in GENERATION, and we place the individual GENERATION exhibitions within the broader context of Scottish culture over the last quarter century, highlighting links between art and film, music, football and science. Turn to page 26 for a full listing of all of GENERATION's wealth of shows.
